VOLUNTEER COMMITMENT

Many years ago, a few citizens of Acton decided that curling indoors was warmer, offered a longer season and one didn't have to wear a life-jacket. Fairy Lake was also getting too crowded with hockey players. But to build a curling club, they needed volunteers. Countless volunteer hours later, the vision became reality. The Club was built. Its doors opened.

To this day, volunteer efforts have been this Club's backbone, and costs have been contained as much as possible. And in order to keep costs down, the Club needs each of its members to donate some of their time. Our target is just ten hours per person.

Volunteering can be in many different ways, not just helping in the kitchen or behind the bar. Below is a wide assortment of ways in which you can offer your help. Check off the one or ones that most interest you, and send/bring this form when you register. We will do the best we can to accommodate your request.

For those who do not designate their preference(s), the Volunteer Committee will be calling you at the beginning of the season to establish your commitment.

If you have any questions about any of the volunteer options available, please go to the Club's website for further details, or contact me by email at hr@actoncurlingclub.com or by phone at 519-853-8095.

Lee Jewell, HR Committee Chair
